

REPEAT SESSION!

Unlocking Potential: Understanding Learning Differences (and Specific Learning Disabilities) for Student Success

Presented by MADSEC & MASP

Join us for an engaging professional learning event designed to empower ALL educators with the knowledge and strategies to support students with learning differences and specific learning disabilities in their classroom.

Participants will gain insights into various learning challenges, the importance of early intervention, and discover effective techniques to address the unique needs of diverse learners to unlock each students' unique potential.

Led by experienced school psychologists, this event will deepen your understanding of learning differences and specific learning disabilities, including Maine's pattern of strengths and weaknesses, while offering actionable insights to foster student success.

Resources for evidence-based practices and differentiated instruction will be provided.

Don't miss this opportunity to transform your teaching practices and make a lasting impact on your students' educational journeys!
